Further information

The Thames Path follows England's best known river for 184 miles (294km) as it meanders from its source in the Cotswolds on through the bustle of the City of London to the Thames Barrier. Our Challenge heads West - starting out from the urban jungle of London at Fulham Palace through some of the most historic and picturesque towns in southern England, finishing in beautiful Henley-on-Thames 100km later! (or Runnymede if you opt for 50km).

This is an epic walk and with the help of your teammates, us, and a good pair of walking boots - it will be a challenge and experience you will never forget!
