There are a number of different professionals who may visit you in your home. These might include support workers, care assistants, social workers, nurses or occupational therapists.

You need to know what they have said and write down any information they have given you. If they will be visiting you again, you need to know when this will be.

This book will help you keep a record of these visits. You’ll want to have this close to hand to make notes so please keep it somewhere convenient.

After you receive a visit from a professional at home, use it to write a summary of who visited, what they did and when they will return. You might choose to ask them to write the summary themselves.
