

What to do with the camera?

Please take photos of **ANYTHING** that makes you think of **MEDICINES** and **MEDICINE-TAKING**.

The photo can be of anything in your home or outside of your home as long as they make you think of medicines and medicine-taking.

Take as few or as many pictures as you like. Please do not take picture of yourself 😊

We will come and collect the camera from you. We will print the photos before we meet with you next. We will then use the photos as a basis for our discussions.

If you have any questions, please contact
Dr Taniya Sharmeen, 0118 378 5820,
