

ALZHEIMER'S SOCIETY SNOWDON DAY

UK • TREK • **YELLOW 3**

ABOUT THE CHALLENGE

The highest mountain in England and Wales at 1085m, its Welsh name is Yr Wyddfa, reputedly the burial place of a mythical giant. A popular summit trek, it forms a real challenge for all! Standing at the summit will be an unforgettable experience, as will seeing the magnificent views from the mountain slopes if we're lucky enough with the weather. We celebrate our huge achievement with obligatory photos at the top and then as we descend, we continue to see the spectacular landscapes unfold before our eyes.

ALZHEIMER'S SOCIETY SNOWDON SUMMIT TREK • 1 DAY

Day 1: Trek Overview

In the morning we meet in Llanberis; the popular village at the foot of Snowdon, and get ready for our trek. We'll have a full briefing ahead of setting off on our exciting challenge! We follow a picturesque route through the Telegraph Valley, which then merges onto the Rangers Path. It's one of the most gradual routes up Snowdon with some spectacular scenery to surround us and forms a challenging, yet accessible trek. There is an initial steep section which will afford some good views in good weather; after this our route continues quite gradually. The gradient becomes steeper before we meet the Rangers Path, but once we're fully on the Rangers Path we know we're headed for the summit! After some time to experience the summit and reflect upon our achievement – though it will probably be quite windy at the top, so you may not want to linger too long – we leave the summit and return to Llanberis using the Llanberis Path – a lengthier but more gradual descent which roughly shadows the famous Snowdon Mountain Railway and provides some incredible photo opportunities! The descent will be much quicker and less arduous, but still tiring and can be hard on the knees. We return to Llanberis and after celebrating with our fellow trekkers, we head home, tired but very elated and proud of our achievement! **Ascent approx 5-7 hours; descent approx 2-3 hours**

GRADE | YELLOW

Trips are graded Yellow, Orange or Red, in increasing level of challenge. This trip lies within the **YELLOW** range.

The grade is determined by factors such as terrain, distance, climate, altitude, etc. Each colour grade has a **spectrum** which reflects the difficulty of these factors; trip duration, accommodation and living conditions (see icon) are also taken into account.
