- Note please do a 5-10 minute warm up and cool down before Threshold, Hills or Interval sessions
- Always substitute running for cross training if you are injured, very sore or it is not safe to run.
- Please add Pilates or Yoga classes once or twice a week if you have time.
- Try to stretch every day for at least 10 mins.
- Always eat within 20-30 mins of finishing a run
- Always train at your target pace, don't compromise or run too hard. Tiredness always catches up.....
- Have fun and train where it is safe.
